From the Principal's Desk

Founded in the eventful year of 1962 thanks to the untiring efforts of a host of educationists and selfless public activists, with a lofty mission of heralding higher education in geographically isolated and economically backward Majuli, Majuli College now stands atop a priceless heritage of more than fifty years of continuous knowledge hunting and dissemination leaving behind a trail of ups and downs in the long span. The oldest institution of higher education in Majuli, the college is doubtless the first choice for innumerable higher education aspirants in the only island district of the state. The college now stands only a few steps away from enjoying a rare distinction of being the only full-fledged PG College in Majuli. Located on a fortified campus surrounded by a few Vaishnavite monasteries called *sattras* and lush-green paddy fields on all its sides, the college has made giant strides in infrastructure development in recent years commensurate with the expanding parameters of quality education. In addition to providing state-of-the-art digitized classroom and library facilities to the students, the college periodically organizes career counselling sessions, symposia and popular motivational talks, and has started quite a few job-oriented multi-utility diploma and certificate courses which are designed to help students build a productive career ahead in this age of cut-throat competition. Xerox and internet facilities have been made easily accessible to them. Besides, the college facilitates education through Distance Learning mode under Krishna Kanta Handiqui State Open University (KKHSOU) and Dibrugarh University both at UG and PG levels. The college will offer education to the degree students through CBCS (Choice Based Credit System), globally acclaimed mode of education at present, which is being introduced by Dibrugarh University from this session. Yet the college has numerous hurdles to grapple with in realizing its vision of securing a place alongside all major institutions of the state and country. With an energetic teaching faculty ever-sensitive to the fast-changing dynamics of education, we are convinced that it will overcome the challenges and succeed in leaving its indelible imprints on the sands of time.

Accreditation by NAAC: The College went through the second cycle of its assessment by NAAC (National Assessment and Accreditation Council) in 2018, and thanks to the untiring efforts of all its stakeholders, it was accredited with Grade B.

Dr. Debajit Saikia
Principal

MAJULI COLLEGE: A PADAGOGIC PARADISE

Established on September 17, 1962 at Kamalabari, with a sacred mission of illuminating the river-island with the beacon of education, Majuli College is the premier institution of higher education, the oldest of its kind in Majuli, the only island district of Assam. What necessitated the college to be founded was the geographical isolation and educational backwardness of the most populous river-island of the world. Connecting it with the mainstream of the country was a challenge in the early sixties. A host of conscious educationists and public activists realized that it could be done only through the pursuit of higher learning. A public meeting was held at Majuli Milan Sangha, Kamalabari in the month of March, 1962 with the sole objective of having a discussion on founding a college to impart higher education to the Majulians. The meeting constituted a steering committee consisting of members from all communities to go ahead with the task. Late Keshabram Borah was made President and Late Krishna Kanta Goswami Secretary of the steering committee. It was a time when devastating floods were posing tremendous threat to their historic endeavour, but, these two illustrious sons of Majuli along with a few devoted persons toured every nook and corner on foot and mobilized public opinion, collected donations for the proposed college. Thus, the dream of opening a college was fulfilled. It is worth remembering that another ideal son of Majuli Atul Chandra Goswami, who was serving as a lecturer in History at North Lakhimpur College then, was kind enough to agree to serve the newly established college as its honorary Principal. He continued his service in this capacity till 1995. In the long span the college has left no stone unturned to emulate a high standard of pedagogic excellence by being sensitive to the ever expanding parameters of quality education. The stupendous success of our Silver Jubilee Celebrations in 1988 and Golden Jubilee Celebrations in 2013 speaks of the glorious tradition of this institution. Products of Majuli College are serving in government offices, schools, colleges and universities and different private establishments with dedication, sincerity and innovative thinking inherited from this institution.

Affiliated to Dibrugarh University, Majuli College has been imparting education at the Under Graduate level in both Arts and Science streams. While the Arts stream has been functioning since inception, the Science stream was started in the year 1978 and it came under Deficit Grants in Aid system in 1986. Presently, the college has 10 (ten) departments in Arts stream and 5 (five) departments in Science stream. Offering both Higher Secondary and Degree courses to about 1000 students per year, Majuli College is the only college in the island which has both Arts and Science streams. The college offers P.G. courses in Distance Learning Mode under Dibrugarh University and U.G. and P.G. courses in various subjects under Krishna Kanta Handiqui State Open University.

Other than these, the college offers vocational courses for the benefit of the students in Tourism, Journalism, Computer Applications, Mask Making, and Sattriya Dance and Music at its own discretion. With support and co-operation of a host of dynamic and forward-looking professionals the college vows to leave its indelible imprints on the sands of time.

Location of the College:

Majuli College is located at Kamalabari, the cultural and business hub of Majuli, the newly declared district in the upper part of the Brahmaputra Valley of Assam. The College is surrounded by three historic *sattras* (Vaishnavite monasteries) -- Uttar Kamalabari, Natun Kamalabari and Bengenaati and also by a vast paddy field at its back and a beautiful stream to its east. Such uncanny surroundings lend a spiritual and serene ambience to the college.
