

PERSPECTIVE PLAN

MAJULI COLLEGE

2022 - 2032

ABOUT THE COLLEGE

Established on September 17, 1962 with a sacred mission of illuminating the river-island with the beacon of education, Majuli College is the premier institution of higher education situated at Kamalabari in Majuli, the only island district of Assam.

The stupendous success of our Silver Jubilee Celebrations in 1988 and Golden Jubilee Celebrations in 2013 speaks of glorious tradition of this institution. Products of Majuli College are serving in government offices, schools, colleges and universities and different private establishments with dedication, sincerity and innovative thinking inherited from this institution.

Affiliated to Dibrugarh University, Majuli College has been imparting education at the Under Graduate level in both Arts and Science streams. While the Arts stream has been functioning since inception, the Science stream was started in the year 1978 and it came under Deficit Grants in Aid system in 1986. Presently, the college has 10 (ten) departments in Arts stream and 5 (five) departments in science stream. Offering both Higher Secondary and Degree courses to about 1000 students per year, the college offers P.G. courses in Distance Learning Mode under Dibrugarh University and U.G. and P.G. courses in various subjects under Krishna Kanta Handiqui State Open University.

Majuli College prepared a Perspective Plan for 10 years (2022-2032) after the Perspective Plan Design Committee was formed vide letter No. MC/03-2021 dated 17.08.2022. The plan was duly approved by the College Governing Body on 3rd February, 2023.

This plan is principally based on SWOC analysis of the college, NAAC Peer team's suggestions made in 2019 and NEP-2020. Contributing to nation-building and skills development of students, the College shall strive to develop itself into a centre of excellence by 2032. The 'Quest for Excellence' has been planned with the following aspects:

ACADEMIC AND ADMINISTRATIVE ASPECTS

- ➔ In the line of NEP-2020, the college shall strive to be a stand-alone institution in true sense of the word by 2032. Keeping this aspect in mind, multiple Add-on courses on skill based education having professional demand will be offered to students.
- ➔ All academic departments will attempt to offer PG courses fulfilling the required norms and with due approval from the authorities concerned.
- ➔ National and International tie-ups with different organizations, industries and institutions will be made through MOUs for student and faculty exchanges.
- ➔ Thrust will be given to conduct research works in all teaching departments. Ph.D. courses will be offered in various departments. Major and Minor research projects will be conducted in the College.
- ➔ Resource mobilization of the College through organic farming, fishery, poultry etc. will be encouraged and facilitated.
- ➔ Green Initiatives will be done in a massive way as a measure to maintain echo-friendly atmosphere.
- ➔ The College will sincerely work for community engagement in its different social initiatives.
- ➔ B.Ed. programme will be launched in next five years.

STUDENT SUPPORT

- ➔ Enormous Campus Recruitment Drives will be conducted for Placement of students through government and non-government organizations, Industry, MNC linkage.
- ➔ All classrooms will be transformed into smart classrooms.
- ➔ Sophisticated language and computer labs will be launched.
- ➔ Facilities for sports and extra-curricular activities will be augmented.
- ➔ The mechanism to access the central Library will be channelized in such a way that this will remain open in all days of the week from morning to midnight.
- ➔ Sophisticated and hygienic canteen facility will be made available for both resident and non-resident students.
- ➔ Uninterrupted power supply with alternative sources of energy such as solar, bio-gas will be made functional.
- ➔ One Indoor stadium will be constructed
- ➔ A couple of more hostels for boys and girls shall be constructed
- ➔ A pro-active Alumni association will work for all-round developments of the college

SUPPORT FOR TEACHING AND NON-TEACHING STAFF

- All teachers will have individual cabin with modular tools, computer, printer, wi-fi etc.
- All classrooms will be transformed into smart classrooms.
- A fully functional Crèche for the children of teaching and non-teaching staff will be established in the college premise.
- Residential houses for teaching staff will be constructed.
- Teachers will be given financial support for attending national/international level workshops/seminars.

STRENGTHS

Majuli College is the first institution of higher education in entire Majuli district offering degree in Arts and Science streams. So, the College is the first choice of the students in the Majuli district who aspire to pursue higher education.

The College possesses highly educated staffs with 17 faculties having Ph. D. degrees who are solely dedicated to teaching and welfare of the college.

Since the College is situated in Majuli, the hotspot of Satriya culture and heritage, the college offers several courses on Satriya Culture with the assistance of the Satras.

Majuli College has been providing higher education to generations of people in Majuli which are mostly poor and underprivileged and who mostly belong to SC/ST categories.

The College has the largest library in Majuli island in terms of quantity of books and with RFID.

The college has received approval of Dibrugarh University to offer 15 Add-on courses having professional demand.

Majuli College is the first college in upper Assam which offers B.Voc. (IT) course under DHE, Assam.

The College has one big playground, one basketball court, one volleyball court, one well-equipped gymnasium, one sophisticated conference hall and several ICT classrooms.

The College has a coherent and decentralized mechanism for academic and administrative works with different cells and committees.

The college has an eco-friendly atmosphere with several botanical gardens and green landscapes.

The College has a pro-active IQAC.

The College has been an ISO certified institution.

The college has been accredited by NAAC in 2 cycles.

WEAKNESSES

- The College does not have sufficient infrastructure due to some fund constraints.
- Hostel seats for boys and girls are limited.
- The numbers of smart classrooms are not sufficient.
- The College has no indoor stadium as of now.
- The numbers of sanctioned teaching posts in the College are not adequate.
- Since there is no adequate number of industries in the region, industry linkage with the institution is nominal.

OPPORTUNITIES

- The college has opportunity to be an autonomous PG College
- It has scope to attract the meritorious students of the island
- The College can exploit the indigenous knowledge system by offering some courses on medicinal plants, herbs etc.
- The college has scopes to offer several vocational and skill-based courses.

CHALLENGES

- Many colleges are being established in nearby areas which create challenges for the College in getting enough students nowadays.
- The College being situated in a flood-prone area, it remains submerged under water during monsoon.
- The locational disadvantage creates barrier in getting Campus placement drives from big industries, MNCs.
- Sources of resource mobilization are limited owing to the issues of frequent flood and erosion in Majuli.
