5. Webinar on “Environmental Status of Majuli District and Its Conservation Strategies”

Organizing Department/Cell: Botany Department, Majuli College

Collaborator (if any): IQAC, Majuli College

Date of the Webinar/Seminar/Workshop: **25th Aug, 2020**

Type of Webinar/Seminar/Workshop: National

Duration: 2 Hours

Name of the Coordinator/Convenor: Dr. Juli Gogoi

Detail of the resource person(s): Sri Debajit Phukan, Co-ordinator, Megamix Nature Club, Dhakuakhana

Number of participants: 68

Video URL (if any): <https://youtu.be/TbpHcPwnKow>

A national webinar was organized by department of Botany, Majuli College, in collaboration with IQAC, Majuli College on 25th Aug, 2020. The topic of the webinar was “Environmental Status of Majuli District and Its Conservation Strategies”. Sri Debajit Phukan, Co-ordinator, Megamix Nature Club, Dhakuakhana was the resource person of the webinar. The programme started at 12 noon with the welcome speech by Mrs. Indira Borah, Head of the Department, Botany, Majuli College. Then the webinar was formally inaugurated by Dr. Debajit Saikia, Principal, Majuli College. Dr. Juli Gogoi coordinator of the webinar, gave a brief introduction of the resource person and welcome him for his speech. He first explained about the biodiversity and its three components viz. ecosystem, species and genetic diversity. He mentioned about the interrelation and services of nature to the biodiversity. Biodiversity always depend on the richness of microhabitat, species diversity and density of habitat. The wetlands of Majuli is highly fertile and due to which habitat is diverse. Majuli is a hotspot for flora and fauna. Many rare and endangered avifauna species including migratory birds that arrive in the winter season. Environmentally Majuli island is evergreen. After elaborate explanation about the biodiversity status of Majuli he explains about the threats to biodiversity in this river island. He specially mentioned the biotic pressure created by human being which is very distinct along with natural calamities like soil erosion, flood etc.

According to him before 1950 Majuli was special hotspot of biodiversity but gradually it turned into a distinguished biodiversity location due to different human activities. At last he guided to adapt some techniques which are eco-friendly for the sustainability of the environment and the biodiversity.

The students as well as the faculties highly benefited by the very informative speech of Mr. Debaojit Phukan. Conservation of biodiversity is very challenging task. It can not happen by only government schemes. Awareness about the environment and participation of local people to save the environment is very much important. So, such type of webinar will definitely helpful to create awareness about the environment among the students as well the other people.

At the end of the speech Dr Juli Gogoi, Coordinator of the webinar offer her vote of thanks to Principal of Majuli College, resource person, faculty members of Majuli college and students of various participating colleges and all other participants.

6. Workshop on Women Empowerment

Organizing Department/Cell: Ministry of Women and Child Development and Women Cell,
Majuli College

Date of the Workshop: 20/02/2020

Detail of the resource person(s): Krishna Das

Number of participants: 55

7. Webinar on “Reflections on Development Communication: A Comprehensive Approach”

Organising Department/ Cell: Department of Sociology

Collaboration (if any): IQAC, Majuli college

Date of Webinar: 26.08.2020

Type of Webinar: National

Duration: 2 Hours

Name of the Coordinator/ Convenor: Dr. Erani Mohan

Detail of the Resource Person (s): Prof. Pranjal Sarma, Department of Sociology, Dibrugarh University

Number of Participants: 70

Report:

The topic “Reflection on Development Communication: A Comprehensive approach” indicate to the use of communication to engage social development. It helps to policy maker, inform environment issue and information exchange process. Quality of Webinar:

Dr. Debajit Saikia, Principal, Majuli College inaugurated the session. Prof. Pranjal Sarma, Dibrugarh University delicate a lecture on the topic.

8. Webinar on “Beginners to Professionals in Matlab”

Organising Department/Cell: Mathematics Department

Collaborator (if any): IQAC, Majuli College

Date of the Webinar/Seminar/Workshop: 28-08-2020

Type of Webinar/Seminar/Workshop: National Webinar

Duration: 2 Hours

Name of the Coordinator/Convenor: Dimpee Baruah, Assistant Professor, Department of Mathematics, Majuli College

Detail of the Resource person(s): Dr. Debdeep Saha, Assistant Dean (Student Affairs), GIMT, Guwahati, Advisor, Mantra Associates, GHY.

Number of Participants: 96

Department of Mathematics, Majuli College in collaboration with IQAC, Majuli College organized a one-day webinar on “Beginners to Professionals in Matlab” on 28th August, 2020 on the platform Google Meet. The webinar was arranged to introduce faculties as well as students from all the discipline from all over the India with MATLAB and its uses. MATLAB (Matrix Laboratory) is a high-performance programming language for numerical or technical computing designed for computation, visualization and programming. Now-a-days, in higher education, Matlab is the standard instructional tool for introductory and advanced courses in Mathematics, Engineering and all other science.

The program started at 11:00 am with the welcome address by Dimpee Baruah, Assistant Professor, Department of Mathematics. The inaugural speech of the program was given by Dr. Debajit Saikia, Principal, Majuli College. He highlighted the importance of the programming language and some basics about Matlab. At the beginning of the technical session, Mr. Basanta Borah, HOD, Department of Mathematics introduced the resource person Dr. Debdeep Saha, Assistant Dean (Student Affairs), Girgananda Institute of Management and Technology. Dr. Saha started the technical session with the basics of the Matlab. He gave detail about how to solve mathematical problems and to use computing tools. The session was very enlightening for all the faculties and students and encouraged all to use Matlab Software. After that question-answer session was started, and feedback link was distributed and the webinar was ended with the votes of thanks from the Department of Mathematics.

Program Outcome: By this webinar, we are exposing our participants to the many techniques and capacities in Matlab which will enhance the participant’s ability to –

- use computing tools and languages to solve many mathematical problems,
- use programming operations to calculate solutions, determine better and more accurate solutions,
- perform and evaluate algebraic and trigonometric operations using built-in functions,
- create and evaluate x-y plots and subplots,

9. Webinar on **“The Changing Nature of Indo-China Relationship Under PM Narendra Modi”**

Organising Department/Cell: Department of Political Science

Collaborator (if any): IQAC, Majuli College

Date of the Webinar/Seminar/Workshop: 24th August, 2020

Type of Webinar/Seminar/Workshop: Regional/National/International: National Webinar

Duration: 1 hour 36 minutes

Name of the Coordinator/Convenor: Anamika Adhikari

Detail of the Resource person(s): Dr. Jageswar Borah, Head, Political Science Department, Krishnaguru Adhyatmik Viswavidyalaya, Barpeta

Number of Participants: 97

Video URL (if any): <https://youtu.be/ylkfZGAQL68>

With the generous encouragement and support from the Principle, Majuli College, department of Political Science organized a national webinar on the topic “The Changing Nature of Indo-China Relationship Under PM Narendra Modi” on 24th August at 3:00 PM. Around 97 participants comprising of the students, research scholars and faculties of different colleges and universities participated in the webinar. The event started with an opening remark by Anamika Adhikari. She welcomes all participants and the Resource Person. She also gave a brief introduction of the Resource Person. The program was inaugurated by Dr. Debajit Saikia, Principal, Majuli College, wherein he extended his warm welcome to the participants and resource person of the webinar. He emphasized on the need of organizing webinars are so important so as to meet the ongoing situations, current requirements and standards in the field of higher education. He appealed to the entire faculty to work collectively for the academic development of the College. Lastly, he enumerated the importance of organizing this webinar on which is essential in improving the quality of higher education in the state which will help in continuous quality improvement, in order to facilitate the institutions in order to take necessary initiatives and efforts for improving the quality of higher education in the state.

Afterwards, Dr. Jageswar Bora gave a detailed presentation on Indo-China relationship. In the initial part of his session, he briefed about the history of India and China relationship. He further highlighted that Narendra Modi is the only Prime Minister who has visited five times to China, three times as the CM of Gujarat and twice as the PM of India. He added that in the beginning

India and China shared a very good relationship and Narendra Modi was a critique of US policies because on March, 2005 the then President of USA, George W. Bush refused to grant visa to Modi. He further added that Modi's belief that economic relationship between India and China will be a game changer is nothing but mere illusion as there is a huge gap in trade. He highlighted the fact that later on the relationship became bitter due to various domestic as well as international compulsions. The domestic complexities aroused due to the repeal of Article 370 and establishment of Jammu and Kashmir as Union Territory and in international sphere it is the unpredictable character of China for which Narendra Modi government gradually moved towards USA. He mentioned that the declaration of Modi about the closer relationship with USA adversely effected the Indo-China relationship. According to him, India's alliance with USA is one of the main factors behind China's aggression. Along with it, other factors such as, lack of consensus on international border, new Chinese claim on Indian Territory, the issue of Tibet, water dispute, China's increasing activities with Pakistan and China's reluctance on India's demand on permanent membership in UN Security Council are responsible behind the changing relationship between India and China. Later, Dr. Jageswar Bora responded to the Questions and doubts raised by the participants.

Finally, Tulashi Rajkhowa, Assistant Professor, Department of Political Science, Majuli College proposed vote of thanks. He expressed special gratitude to the Resource Person for his informative and useful presentation. He also expressed gratitude to the Principal, Majuli College for his constant encouragement and support in conducting the webinar. He further shared his heartfelt thanks to all the participants of the webinar, teaching and non-teaching staffs of Majuli College to make it a grand success.

10. Webinar on “Practicing Optimism During Hard Time”

Organizing Department/Cell: Education, Majuli College, Majuli, Assam.

Collaborator (if any): In collaboration with IQAC Majuli College.

Date of the Webinar/Seminar/Workshop: Webinar: 29th August 2020

Type of Webinar: National Seminar Duration: 1hour 26 minutes.

Name of the Coordinator/Convener: Bijoy Timung, assistant professor, Majuli College.

Detail of the Resource person(s): Dr. Pranjal Buragohain, Assistant Professor, Dept. of Education, Dibrugarh University

Number of Participants: 86 nos.

Video URL (if any): <https://youtu.be/K0qjR5Gq5s>

REPORT ON NATIONAL WEBINAR:

A national webinar was organized by the department of education, Majuli college, Kamalabari-785106, Assam in collaboration with IQAC, Majuli college on 29th august 2020. The topic of the webinar was „OPTIMISTIC DURING HARD TIME“. The Resource Person was Dr. Pranjal Buragohain, assistant professor, department of education, Dibrugarh University, Dibrugarh, Assam. The webinar was started at 4pm with the welcome address by Bijoy Timung, assistant professor, department of education, Majuli College. After that the webinar was inaugurated by Dr. Debajit Saikia, principal of Majuli College. A brief introduction was made about resource person by coordinator/convenor Mr. Bijoy Timung, assistant professor, Majuli College. First and foremost our resource person gave brief introduction about the „OPTIMISTIC“ that optimistic is an attitude that reflect a confidence, belief, hope, positive minded, see always the positive side of an object etc. As an example an optimistic man always see the glass as half full but other hand a pessimist see the glass as half empty. The term derives from the Latin „OPTIMUM“, meaning „BEST“. Being optimistic, in the typical sense of the word, is defined as expecting the best possible outcome from any given situation. It had stated that optimistic and well-being relationship. Optimism is positively correlated with the life satisfaction, happiness, psychological and physical well-being and negatively correlated will depression and anxiety, anger, imbalance etc. It was also described about the children task that it should be given a small task so that they can do according to their own pace and can proceed for further steps. This kind of small pace of learning will help in acquiring the knowledge. And would help in build confidence. It gave also emphasis to set

definite goal and according to goal one should proceed. Mrs. Smriti konwar, associate professor and Mrs. Pranita Rajkhuwa, assistant professor was also added their views in the webinar. A questions-answer session was also made more fruitful in the webinar. At last vote of thanks was given by Miss Purobi Saikia, assistant professor, Majuli College.

11. Webinar on “Chemistry of Alcohols”

Organizing Department/Cell: Department of Chemistry, Majuli College

Collaborator (if any): IQAC, Majuli College

Date of the Webinar/Seminar/Workshop: 26th Aug, 2020

Type of Webinar/Seminar/Workshop: National

Duration: 2 Hours

Name of the Coordinator/Convenor: Dr. Debajyoti Bhattacharjee

Detail of the resource person(s): Prof. Ramesh Chandra Deka, Dean, School of Sciences, Tezpur University, Napaam, Assam

Number of participants: 65

Video URL (if any): <https://youtu.be/Fc9nOC76N0E>

A national webinar was organized by department of Chemistry, Majuli College, in collaboration with IQAC, Majuli College, on 26th Aug, 2020. The topic of the webinar was „Chemistry of Alcohols“. Prof. Ramesh Chandra Deka, Dean, School of Sciences as well as the Professor, Department of Chemical Sciences, Tezpur University was the resource person of the webinar. The programme was started at 11:00 am with the welcome speech by Dr. Debajyoti Bhattacharjee, Assistant professor, Department of Chemistry, Majuli College. After that, honourable Principal of Majuli College, Dr. Debajit Saikia, formally inaugurated the webinar. Dr. Debajyoti Bhattacharjee, coordinator of the webinar, introduced the resource person to the participants and welcomed him for the technical session. Prof. Deka, then started his speech with the help of a very exciting power point presentation. He first showed some photographs and a video based on Oktoberfest festival of Munich, Germany. He then explained the effects of alcohols in the context of our country. In recent days, alcohol consumption becomes a major social problem in our country. Alcoholism and chronic use of alcohols are associated with numerous medical, psychiatric, social and family problems. According to WHO, alcohols kills about 2.6 lakhs of Indians every year either by causing liver cirrhosis, cancer or leading to road accidents caused by drunk drivers. In our native state also, we have to frequently hear various tragic incidents related to toxicity of alcohols. Prof. Deka, explained all the harmful chemical aspects relating to alcohol consumption. All alcohols in the human body first converted to acetaldehyde and it then converted into acetic acid radical. Acetaldehyde is a very harmful chemical and can cause significant damage in our body. Organs like liver, gastrointestinal tract, various tissues and even brain can be affected by alcohol metabolism. The acetic acid radical combines with Coenzyme A to form acetyl-CoA. The acetyl

CoA then enters into Krebs cycle and broken down to carbon dioxide and water. He also showed serious concerns on growing rate of alcohol consumption among students. He concluded his presentation with the hope that people will aware on the adverse effects of alcohols and our society will be alcohol free.

The students as well as the faculties were highly benefited by the very informative speech of Prof. Ramesh Chandra Deka. In the question answer session, various faculty members and students were shown to clear their doubts relating to the presentation. As a responsible citizen, it is our prime duty to protect our society from all kinds of negative aspects. The webinar seem to benefit the participants by creating awareness on the adverse effects of alcohols. Such type of awareness among students will help to keep them motivated and also encourage them to spread their awareness in society. At the end, Dr. Debajyoti Bhattacharjee, Coordinator of the webinar offered his vote of thanks to the Principal of Majuli College, resource person, faculty members of Majuli College and students of various participating colleges and all other participants.

12. Webinar on “Contribution of Indians Towards Modern Science”

Organising Department/ Cell: Department of Physics

Collaboration (if any): IQAC, Majuli college

Date of Webinar: 23.08.2020 Type of Webinar: National Duration: 1 Hour

Name of the Coordinator/ Convenor: Dr.Madhabi Devi

Detail of the Resource Person (s): Dr.Ankur K Guha, Assistant Professor, Department of Chemistry, Cotton University

Number of Participants: 81

VideoURL: <https://youtu.be/Fc9nOC76N0E>

Report:

A national webinar was organized by department of Physics, Majuli College, in collaboration with IQAC, Majuli College on 23rd Aug, 2020. The topic of the webinar was “Contribution of Indians Towards Modern Science”. Dr.Ankur K Guha, Assistant Professor, Cotton University was the resource person of the webinar. The programme started at 11am with the welcome address by Dr.Madhabi Devi, Co-ordinator of the webinar. The webinar was formally inaugurated by Dr.Debajit Saikia, Principal, Majuli College. Then, a brief introduction of the resource person was given by the co-ordinator followed by the presentation of the resource person. He discussed about the Indian civilization, which being one of the oldest civilizations in the world has actively contributed towards science and technology since centuries before modern laboratories were set up. He discussed about various theories and inventions by our ancestors that have strengthened the fundamentals of modern science. He mentioned about the invention of „zero“ by great Indian Mathematician Aryabhata, the remarkable discovery of „Raman effect“ by Sir C.V. Raman and the use of „decimal system“ and „trigonometric functions“ in India from 5th century AD. The resource person highlighted all those aspects and enlightened our participants about the contributions of our great Indian scholars towards the science world over the centuries. The students as well as the faculties were highly benefited by the enlightening speech of Dr.Ankur K Guha. The webinar came to an end by the vote of thanks offered by Dr Madhabi Devi.

Video URL (if any): <https://youtu.be/mWovIGbw2lw>

The world is facing humanity’s biggest crisis since World War II. Almost every country has been affected by the devastating (COVID-19). The world is passing through a great uncertainty. Undoubtedly, the Corona virus has put the world economy at a major risk.

The Indian economy has been hit hard by the ongoing Corona virus pandemic-driven global crisis. The entire world is passing through great uncertainty. There are, primarily, two major challenges that the Indian economy is facing at this juncture. First is to save the country from the spread of Corona virus (COVID-19), which is a health emergency. Saving lives is the most important, the principal concern of the government. Second is to save the economy from the unfolding economic uncertainty due to the dual effects of the Corona virus pandemic and the global and national lockdown. In a country like India which thrives on its population, Covid 19 has dealt a lot of damage to its economy. Many offices are closed too resulting in a lot work being pending and the economy getting disrupted. Although India has managed well till date in containing the spread of the virus, the COVID-19 pandemic has already disrupted normal economic activity and life in our country. India’s trade has been severely impacted. People have a sudden loss of their income, causing a major drop in demand. Commentators have identified this outbreak as an outcome of hyper-globalisation or starting of de-globalisation. Therefore, the outcome is that, we as citizens should opt to following any and every guideline imposed by the government to prevent further distress to the common citizens and also to prevent an economic depression both in our country and on a global scale.

Detail report of the FDP

The IQAC, Majuli College in association with Spoken Tutorial, IIT Bombay organized an online Faculty Development Program (FDP) for faculty members across the country from 17-05-2021 to 23-05-2021 on the topic '**Moodle Learning Management System**'. Around 51 registrations were received for the FDP from faculty members of various institutions across the state. The inauguration was held on 17th May, 2021 at 10 am through Google Meet platform. At the very outset, one of the coordinators Dr. Madhabi Devi extends her warm welcome to all the participants. Then, the IQAC coordinator of Majuli College Dr. Debabhuson Bora delivers the welcome speech. The welcome speech was followed by the inauguration of the FDP by Dr. Debajit Saikia, Principal, Majuli College, where he addresses the importance of such online programmes during the pandemic that will provide a platform for interaction among the members of higher education institutions. He further throws light on the necessity of learning Moodle LMS by faculty members in the current situation, which will assist them in coordinating online classes and connecting to their students virtually. After this, the training coordinator of this FDP from IIT Bombay, Mr. Partha Goswami gave a presentation on the details of the FDP organized with the collaboration of Spoken Tutorial Project of IIT Bombay, which is a project under national mission on education through ICT by Ministry of Education, Government of India. He also presented an overview of Moodle, its wide applications and importance in the current scenario of digitalized mode of learning. After his 15-20 min presentation, Dr. Madhabi Devi explained the schedule and assignments to be given to the participants during the FDP. At the end, one of the coordinators of the FDP Dr. Debajyoti Bhattacharjee delivered the vote of thanks.

Video tutorials on Moodle LMS were provided to the participants through Whatsapp group from the inauguration day (17th May 2021) till the last day (23rd May 2021) of the FDP. Three video materials were provided to the participants every day after certain time duration. The video tutorials were prepared by specialized intellectuals of IIT Bombay in the area of Moodle LMS. On the end part of every video tutorial, hands on assignments were provided for the participants. On the first day, video tutorials on introduction to Moodle and installation of Moodle in different systems were provided. The second day video tutorials gave an overview of the admin dashboard in Moodle, the purpose of blocks in admin dashboard and the steps to create or delete blocks and categories in Moodle. On the third day, the tutorials taught the procedures to create any courses in Moodle and to enroll our students as users in those courses. The fourth day video tutorial highlighted the importance of plugins in Moodle and the steps to install plugins in Moodle. Moreover, it gave an overview of the settings changes in teachers dashboard and course administration in Moodle. On the fifth day, the tutorials taught the formatting of course materials in Moodle step-wise. It further showed the procedures of uploading and editing various types of resources like image, page, audio and videos in Moodle for our students enrolled in the course. Moreover, step-wise creation of discussion forums and assignments in Moodle were discussed. The sixth day video tutorials described the step-wise procedure of creating question banks and quizzes in Moodle and assigning it to our students. The seventh day tutorial taught us to grade those quizzes and assignments and to view the grade card of every student in Moodle. The problems and queries of the participants were addressed and resolved by the coordinators on a regular basis in the Whatsapp group. The participants were assigned to prepare a report on ‘the Moodle activities learnt by them from the FDP’ and were asked to submit it as an assignment on the last day of the FDP. A quiz was also conducted by IIT Bombay after 15 days of the FDP and the participants that passed the quiz were provided another certificate apart from the FDP participation certificate.

A valedictory programme was organized on the last day of the FDP, wherein Dr. Debajit Saikia, Principal, Majuli College and Mr. Partha Goswami, Training Coordinator, IIT Bombay shared their thoughts regarding the FDP. Further, they thanked the participants for supporting the organizers through the entire FDP. After this, the participants from different institutions shared their views and experiences gained from the FDP. The valedictory came to an end with the vote of thanks delivered by Dr Debabhuson Bora, IQAC coordinator of Majuli College.
