ABOUT THE CONFERENCE

Biological organisms are essential components of ecosystems, supporting human needs for food, medicine, energy, and more. Likewise, climate is a dynamic and vital element of these systems. However, rapid changes driven by anthropogenic activities have led to the depletion of bioresources, triggering a biodiversity crisis, and ecological imbalance, and impacting the benefits ethnic communities derive from ecosystems.

Northeast India is a rich biodiversity hotspot, home to a vast array of flora and fauna. However, its bioresources have declined alarmingly over time due to developmental activities, climate change, overexploitation, and unsustainable practices.

The conference will bring together experts from diverse fields, including ecology, taxonomist, conservation biology, other disciplines of natural science, biotechnological approach, and social science, to foster interdisciplinary discussions and collaborations.

Participants/Paper Presenters must register after the abstract is accepted with payment of required fees. *Event/Technical sessions will be conducted offline and online.*

ABOUT THE COLLEGE

Majuli College is a premier higher education institution located at Kamalabari, Majuli, a river island in the Brahmaputra River in the state of Assam, India. It was established in 1962 and is affiliated with Dibrugarh University. The college offers undergraduate courses in arts, science, and B.Voc. (IT) streams. Majuli College is recognized by the University Grants Commission (UGC) under Section 2(f) and 12B of the UGC Act, 1956.

DEPARTMENT OF BOTANY

The Department of Botany of Majuli College is one of the oldest Departments of this college, established in 1978. Since then, the department has grown from strength to strength. The department is known for its multidisciplinary character and has earned recognition for its standard of teaching and research.

HOW TO REACH VENUE

Majuli College is directly connected by road from Lakhimpur via Dhakuakhana and from Dibrugarh. One can opt for ferry services if one wishes to come from Jorhat. Ferry services are available from Nemati Ghat at an interval of 1 hour between 7 AM and 3.30 PM during the daytime. Online ferry tickets can be booked one day before the scheduled travel date (Inland Water Transport app).

PUBLICATION OPPORTUNITY

Selected papers after review and editing will be published in books with ISBN.
